10 QUESTIONS FOR THE DALAI LAMA

Why do the poor seem happier than the rich? Must a society lose its traditions in order to move into the future? How do you reconcile a commitment to non-violence when faced with violence? These are some of the questions posed to His Holiness the Dalai Lama by filmmaker and explorer Rick Ray as he weaves together observations from his own journeys throughout India and the Middle East, and the wisdom of an extraordinary spiritual leader.

THE SOUL OF INDIA

Capturing India in a single film is an impossible task, but this film has succeeded in providing a unique window on this nearly indescribable country. Visit the Taj Mahal, the palaces of Rajasthan, the Himalayas, and many other exotic locations. Featuring interviews and gorgeous cinematography, you will find yourself captivated by the richness of this country in this most beautiful film.

MOROCCO

Imagine the eternal Sahara with its windswept mountains of orange-gold sand, labyrinths that are the medinas of Fez and Marrakech, colorful markets with their fruits, tapestries and mint tea. Merchants selling rug kilims and goatskin lamps. Artisans specializing in tile mosaics or brass metalwork, silk slippers or fragrant spices. This is the Morocco that was. And is. With gorgeous cinematography set against a lush music track, Rick Ray winds his way through exotic Morocco – and you're along for the ride.

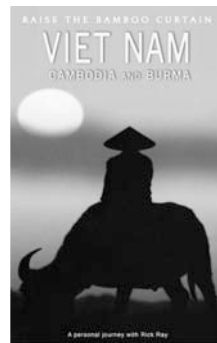

LOST WORLDS OF THE MIDDLE EAST

When you hear the words "The Middle East", what images are conjured up in your mind? This film examines some of the sources of conflict in the region and gives the kind of in-depth view of the people and their culture that you won't find on CNN. Rick journeys into the heart of the Islamic middle east to reveal the true nature of the Arab world. Visit Israel, Jordan, Petra, Syria, and Beirut.

JERUSALEM - SACRED AND PROFANE

Join Rick as he takes you on a personal journey through the holiest city on Earth. See why Jerusalem is an important center of Muslims, Christians, and Jews and explore the inevitable conflicts that have emerged as a result. Visit the famous and not so famous places contained in this historic land, and see how the New City of Jerusalem is expanding the Old City walls.

RAISE THE BAMBOO CURTAIN - VIETNAM, BURMA & CAMBODIA

Rick journeys from Saigon to Hanoi, from the killing fields of Phnom Penh to the magnificence of Angkor Wat, and enters the forbidden country of Burma in this exploration of a land and people so affected by war but so gentle by nature.

These films on DVD are the full-length versions of Rick's live shows that have been presented to audiences at The National Geographic Society and at thousands of other venues across the US and Canada. Each film features Rick's own narration and personal style.
